

## Peterborough

It seems we don't stay home much these days. This past while we had the opportunity to travel to Peterborough to hear one of the world's leading biblical scholars, Bishop John Selby Spong, talk about the New Testament Gospels. It was a very controversial, and enlightening weekend to say the least. We had the pleasure of meeting and talking with Bishop Spong during a quiet time between lectures. Both Bette and I enjoyed the visit very much.

What a privilege it is to be able to pick up, almost at the drop of the hat, so to speak, and head out on some new adventure.

## The Book Study

We are now in week nine of this ten week detailed study of Wallace D. Wattles' book, "The Science of Getting Rich", which is intended for men and women whose most pressing need is for money; who wish to get rich first, and philosophise after. It is for people who have, so far, found neither the time, the means, nor the opportunity to go deeply into the study of metaphysics, but who want prosperous results and who are willing to take the conclusions of science as a basis for action.

Meeting for two hours, once a week, small groups of about five people study and discuss, chapter by chapter, Wattles' mental and spiritual, down-to-earth, clear-cut and practical guide to getting rich.

With possible minor exceptions, all materials

needed for the course are provided. Items such as:

- the book, "The Science of Getting Rich"
- a study work book; and
- private web site access

are provided at a cost so reasonable that anyone, regardless of circumstances, is able to attend.

The Aim / Purpose of the course is to share our knowledge about the science of getting rich, based upon a detailed study of the subject over a six year period. In so doing, we aim to instill in others the desire to pursue a radically different path in life, one based upon the principles of creativity and cooperation, as opposed to competition. We will show that there is no "pie" of which one has to scramble to get a piece, and that there is more than enough of everything for everybody, regardless of their present circumstances or environment.

The course does not give the attendee a step by step plan for getting rich. It does not offer a "get rich quick" solution to life.

It does provide a detailed study of the Laws governing the Universe which can be applied to any aspect of one's life, including the accumulation of wealth.

At the end of the book study the attendee will:

1. Be aware of the fundamental, and the seven basic subsidiary laws governing the Universe which apply to this study.
2. Understand the relationship between the mind and the body.
3. Know how to use the will to change the way they approach life's problems and obstacles.

4. Know why creativity beats competition, hands down.

5. Know the mechanism by which riches come to an individual.

6. Know how to apply effective action in getting what they want.

So far it has been a resounding success!

## Six Minutes to Success

Bob Proctor, multi-millionaire and one of the world's leading motivational speakers, is offering one-on-one individual coaching! Each daily session is a mere six minutes long, and the first week is free, with the opportunity to back out without any penalty whatsoever at any point.

The cost? Less than \$10.00 a week! This from a man who gets \$12,000.00 from each person who attends a similarly structured weekend seminar.

At the first session you will be asked to identify, and write down, a goal to be achieved in the next 90 days. Choose carefully, for you will undoubtedly achieve it by the 90 day point!

Are we doing this? You bet. It's a "no brainer!" And our objectives are based on additional new income from MSIs.

Oh, and what are MSIs? Well you'll have to let Bob Proctor tell you that.

The full scoop is available at [http://lifeabundant.ca/news.htm#six\\_minutes](http://lifeabundant.ca/news.htm#six_minutes) .

Have a look. We guarantee, you won't be sorry!

## Analysis

"There is no limit to the supply of Formless Stuff, or Original Substance. The universe is made out of it; but it was not all used in making the universe. The spaces in, through, and between the forms of the visible universe

are permeated and filled with the Original Substance; with the formless Stuff; with the raw material of all things."

(From The Science of Getting Rich, Chapter 3, Page 14)

Original Substance, the Creative Power behind the universe is energy! It is thinking energy. And it fills the interspaces of the universe. That means that you, who are 99.99% empty space, are filled with this Creative Power.

You are a thinking, creative being. You are more powerful than you can imagine.

To quote an anonymous author,

"Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure.

"It is our light, not our darkness, that most frightens us. We ask ourselves, who am I to be brilliant, gorgeous, talented, fabulous? Actually, who are you NOT to be?

"You are a child of God. Your playing small does not serve the world. There is nothing enlightened about shrinking so that other people won't feel insecure around you.

"We were born to make manifest the glory of God that is within us. It is not just in some of us, it is in everyone.

"As we let our own Light shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others."

Think about it!
